RALPH BUSBY CLAIMS FAIR YOUNG BRIDE

Garage Man and Miss Minnie Harrison, Former Sonoma Young Lady, Announce Marriage.

Ralph Busby, for several years one of the popular partners in the Ford Garage, has announced his marriage to Miss Minnie Harrison of Berkeley, a former Sonoma girl. The marriage took place two months ago, but the secret just leaked out and the newlyweds have been guests at the A. W. Adler home, where they have been the recipients of hearty congratulations.

They were married on Sept. 23rd, at Jackson, Amador county, where they had motored to the scene of the Argonaut mine disaster. The ceremony was performed by Rev. B. F. Brown, formerly a minister of Sonoma's M. E. church.

The bride is a petite and charming young woman and is a sister of Portia and Bob Harrison of Berkeley.

The groom is a talented musician in addition to being a mechanical genius and has been a general favorite at social affairs in the valley during his residence here.

Mr. Busby and his bride will locate in Berkeley.

POSTOFFICE APPOINTMENT IS REQUESTED

The Postoffice Department last Saturday requested Senators Johnson and Shortridge to send in recommendations for postmaster appointments at Redding, Colusa, San Rafael, Sonoma and Fairfax, for which places eligible lists were announced by the Civil Service Commission some time ago.

The Department feels that postmasters should be appointed at these offices at the earliest possible date.—Sacramento Bee.

Miss Mildred Bailhache of San Francisco was the guest of her aunt, Mrs. Ralph Hotz, at the Eastern Star ball here last Saturday.

E. J. Harris of the Griffith Oil Company was in town Thursday and reports prospects in the Napa field as most encouraging.

DAYLIGHT BURGLAR SCARES NEIGHBORHOOD

Last Monday while the Nieman family, who occupy the Davis residence on Broadway were out, a suspicious looking man was seen to enter the house and the attention of the little son of the Niemans' was called to the occurrence by other boys in the neighborhood. The boys informed the City Marshal, but the officer gave no credence to the story, so "Buster" came down to the soda works and told his father. Mr. Nieman sent in a call for Deputy Sheriff Ryan, and then arming himself, rushed to the house to apprehend the burglar. There was no evidence of anyone having been on the premises, not a trunk or anything being disturbed. Nieman began to think it was a hoax, but when Officer Joe Ryan arrived and questioned the boys, they gave such a straight-forward description of the culprit that Ryan started a search for him. Near Vineburg he apprehended a man wearing a brown suit and otherwise tallying with the description of the fellow who had been seen going out of the Nieman home. He proved to be an escaped inmate from the State Home at Eldridge and admitted having been through the Broadway residence. He was evidently frightened off or, in his feeble minded state, did not know where he was going. He was returned to the institution.

SONOMA MISSION LURES WORLD TRAVELERS

The old Mission which marks the beginning of Sonoma's foundation is the Mecca of many tourists now that it has become known that its doors are open to the public daily.

Recent visitors to the Sonoma Mission, where a registration book is kept by Caretaker Borie, include F. James and family of Toronto, Canada; Miss L. Potts-Stockford of England; Elliot Hannaford of South Australia and Cline Taylor of Victoria, Australia.

Rev. Charles D. Milliken of Piedmont registered recently at the Mission. Another page of the register shows Elaine Campbell, the moving picture actress, to have been an interested sight-seer here.

Will Invite Governor to Dedicate School

Magnificent New High School Building Will be Ready for Occupany Early In January

Sonoma Valley's new high school building, one of the most complete and handsome schools in Northern California, will be ready for occupancy early in January, when it is planned to invite Governor Friend W. Richardson to be present at the dedication ceremonies.

The re-inforced concrete structure is now being painted inside and out, e exterior surface in a cream tone which contrasts effectively with the red terra cotta tile roof and the window trim of olive green. The front of the imposing edifice has Terrazzo color marble steps up to the portico with its fluted Corinthian columns which flank the entrance to the main corridor leading to auditorium, principal's office and class rooms. On the main floor are situate the English, mathematics, language and history rooms, the study hall and library, the latter rooms connecting so that one teacher can supervise jointly these departments.

The library, facing south, 24x32 feet, is equipped with adjustable built-in book shelves and massive quartered oak tables of the latest library type.

The steam heating radiators provide comfort all over the building and the ventilating system from transoms and patent windows afford an approved system of ventilation.

The auditorium, entered by three double doorways, is directly opposite the main entrance to the building. Its floor area is 84x45 feet and has a seating capacity of 500. The floor is of the best grade clear white maple. Bleachers seating 200 on each side and 100 more in the rear provide additional room and will be valuable in the utilization of the auditorium for gymnasium work. The stage, 24x36 feet, has dressing rooms on either side each provided with heat and sanitary features for the physical training department heads or for dramatic occasions. The stage has wonderful lighting facilities—three circuit foot lights, two circuit border lights outlining the proscenium arch and also facilities for throwing spot light, colored lights, etc., on the stage. The lighting fixtures contract for the entire building totaled $1400. A fireproof motion picture booth with telephone connection to the stage is also a feature of the auditorium. Colored exit signs as a safety feature are everywhere in evidence. The balcony or bleachers are reached directly from the main entrance hall.

Under the bleachers on the ground floor, space has been utilized for physical training dressing rooms, shower baths and lavatories. Here the finest plumbing and latest type of ventilation is evidence of the architects skill and experience. The girls' athletics have their accommodations on one side of the building, and the boys' quarters on the other. These quarters are in close proximity to the gymnasium, auditorium and directly accessible from the athletic field.

In the basement of the building is the big U. S. Radiator oil burning furnace and the plant which provides steam heat for the entire building. The heating system alone cost $9000.

On the second floor a comfortable rest room for teachers is provided and also a rest room for girls. The drawing room, facing north, is 40x24 feet. Provision is made for blue print work and all commercial drawing. Friar's cloth covers the wall space above the wainscoting.

The chemistry and physical laboratories are two of the largest rooms on the upper floor and are replete with built-in features and cabinet work, tables, etc. A supply room in connection with each is a model of efficiency. The science lecture room, physics and biological laboratory with germinating tanks, sinks, and a dark room for blue printing and photography supplements the science department.

The commercial department of the school will be situated in two large rooms on the south side of the building, double glass doors connecting or shutting off each room from the other as desired. Twenty ttypewriters will be installed and other necessary office equipment for business students.

The upper hall is wide, light and airy, adjustable light wells from above affording ventilation as well as light. Cloak and hat racks, lockers, lavatories, etc., are amply provided for.

The interior finish of the building is clear grained select Oregon pine, stained in a silver gray effect, the grain of the wood showing through most effectively. The plastered walls are tinted two coats in cream. Blackboards are green Hyloplate.

The auditorium stage is to be provided with a rich velour drop curtain and also sateen drapes.

The new high school building, without a doubt, is the finest and most modern building of any kind in Sonoma county and every resident of our valley can rightfully feel proud of the Board of Trustees in their choice of the plans and in the structure, every part of which gives evidence of the well considered expenditure of the bond issue of $115,000. It will be a proud day in the Valley of the Moon when this school building is dedicated by California's new governor.

ARMISTICE DAY DANCE OF O. E. S. BIG SUCCESS

The Eastern Star dance and entertainment commemorating Armistice Day was one of the most successful affairs of the year. Union Hall, decorated in the national colors, took on a regular Fourth of July aspect and the hall was thronged with dancers and with members and friends of the Order. Those who didn't participate in dancing were entertained with vocal numbers by Meryl Bish and Mr. Day, and as a climax came the inspiring address of Hon. R. L. Thompson of Santa Rosa. Judge Thompson prefaced his patriotic talk with reference to the honor which had come to Sonoma county in the choice of Judge Emmet Seawell for the superior court bench of California. He highly complimented his colleague and prophesied a brilliant future in the high court for this distinguished member of the bar. Judge Thompson reviewed America's part in the World War, our present day problems and the supreme sacrifice made by Sonoma county boys for the safety of the world and the upbuilding of American ideals.

Charles C. Champlin was master of ceremonies during the evening, making the announcements and introducing the speaker.

The music by Miller's Orchestra of five pieces, was the best heard at a dance in Sonoma for a long time.

Refreshments at various booth were sold by the ladies of the lodge.

Y. M. I. THANKSGIVING BALL COMING EVENT

The next big event on the social calendar in Sonoma will be the Thanksgiving Eve ball to be given by the local Y. M. I. Council, on Wednesday evening, Nov. 29th.

The arrangements committee has disposed of a large number of tickets and as the proceeds are for the rebuilding fund of St. Francis church, a record crowd is expected.

The Agnetian Orchestra of San Francisco will furnish the music and there will be many special features during the evening.

Louis Lambert, of the Corner Drug Store, has donated a handsome Pyralin ivory toilet set to the Y. M. I. for the St. Francis church fund. It will be disposed of early in December, tickets going on sale this week.

RODNEY PRESTWOOD'S WIFE PASSES AWAY

Sad Death of Former Louise Callieud Leaves Two Little Children Motherless.

The sad news reached here Sunday of the sudden death of Mrs. Rodney Prestwood (nee Louise Callieud) which occurred at a Petaluma hospital Saturday night. Mrs. Prestwood had visited Sonoma friends only a few days previous and had gone to Petaluma where she was visiting a girl friend. She was stricken with the fatal illness which necessitated her going into the hospital where she passed away.

The Prestwoods had been residing in San Rafael and the death of the young wife and mother leaves two little sons to miss her loving care.

As Louise Callieud, the only daughter of Henry Callieud, former owner of beautiful Buena Vista Castle, the young woman went to school here in Sonoma and about four years ago became the bride of Rodney Prestwood, son of Principal J. F. Prestwood of the Sonoma Grammar school. She was a vivacious and charming girl, unaffected and gracious to all despite her wealth. Her married life was exceedingly happy, and the culmination in death of four happy years, is deeply regretted by a large circle of friends in Sonoma Valley.

Louise Callieud Prestwood was 28 years of age and besides her immediate family, leaves her parents and two half brothers, residing in San Francisco to mourn her untimely death.

The funeral services were in San Francisco Wednesday, Mr. and Mrs. J. F. Prestwood going down from here to attend the last sad rites.

A NEW SHOPPE FOR SONOMA

The Notare Shoppe is the name of a new business which is to fill the needs of busy folks who want to send their mending and repair work to be neatly attended to.

Mrs. Myrtle Casson and Gertrude Groskopf have opened the shoppe on Broadway, in the Marcy building, formerly occupied by Mrs. Edrington's dressmaking parlor.

THANX for the morning patronage. Plaza Restaurant, 7:30 a.m.—adv

EL VERANO NEWS

By ARCHIBALD McKIVER

Mrs. W. McCauley is visiting in the bay city this week.

Mrs. H. Craib was visiting in San Francisco Wednesday.

Gus Merz, stockman, was an S. P. passenger for Lemoore Tuesday.

Frank Benjamin of Los Angeles is in town renewing old friends.

Paul Verdier and Miss C. are in San Francisco this week on a pleasure trip.

Mrs. Fred Jensen spent the week end in El Verano. She resides in San Francisco.

Mrs. J. Sutter and daughter have been in San Francisco shopping and visiting friends.

Claude Lombard was called to San Francisco Monday, on account of the illness of his mother.

E. Hunt and family motored over from Sacramento Armistice Day, visiting at the Weaver home.

Jake Salaba, famous for the Valley of the Moon cigar, was an S. P. passenger for Crockett Monday.

Miss Beth Weaver went to Sacramento Sunday with her sister, Mrs. E. Hunt, to spend a couple of weeks.

Edmond Debats, ex-service man, was here from Berkeley Sunday. He is in the laundry business in that city.

Frank LaHaye of San Francisco was in town Sunday looking over property interests and renewing old acquaintances.

Mr. and Mrs. D. Zerga and Mr. and Mrs. George Ganiats and son of San Francisco were guests at the La Franchi home Sunday.

Billy Kirby, manager of Jack Main's resort, was called to Sacramento on Wednesday to act as a witness in the Main liquor case. Main demanded a jury trial.

I. J. Baker has sold his store and soft drink emporium to a Mr. Harvey of San Francisco, who will conduct this business, which is in Sonoma Vista, near Boyes Springs.

John Larsen, the village fisherman, made it alone Sunday to Napa bridge. His luck was bad and he blames his mate, Walter Paulsen, who failed to show up, for the off day.

Charles Foley has left for Seattle and F. Wright for Tia Juana. Both these men were engaged in running the Antlers Hotel and will return the first of the year to resume business.

Tuesday morning the village natives were excited over a woman hobo beating it along our streets enroute to Santa Rosa. She carried a bundle on her back and seemed to care very little about the worries of life.

Joseph Springer of Chicago is a guest at the Claude Lombard home. The Eastern visitor is enthusiastic over California and its beauties and will remain in our Golden State for some time, probably making his home in the Valley of the Moon.

Mr. and Mrs. L. B. McKinnon of Concord, formerly of El Verano, were called to Vallejo Saturday by the news of the death of H. McKinnon, a brother of Mr. McKinnon. Deceased was 29 years of age and was engaged in the lumber business in Vallejo.

Voters are all jazzed up over the tremendous victory put over by the greatest of all politicians and statesmen in the United States today, Hiram Johnson, the man who tells them all where to head in, and is not afraid to express his opinions. We expect that in 1924 our Hiram will head the Republican ticket for president of the United States, and, according to the opinion of far-sighted statesmen, he will be elected. There is no Democrat in the country who can beat California's fighting Native Son if he is nominated for the presidency. Just watch him run.

J. N. Beach, Fred Fergonia, Mr. Steinkamp and other Sonoma Vista boosters were among those who went to Santa Rosa Tuesday to induce the Board of Supervisors to put a new bridge over Sonoma Creek, between Boyes Springs and Sonoma Vista. This is not county road, but these boosters, it is rumored, want this necessary improvement attended to.

Pat Grey, who was re-elected at the recent election, with 20 of his workers who fought hard for him, were guests at a dinner given by the Senator at Sonoma Grove Sunday. A fine time was enjoyed by the celebrities, who returned to San Francisco late Sunday evening.

Tom Geary, Santa Rosa lawyer and former congressman and A. Novak, were at Napa Bridge Saturday on a fishing trip. These Santa Rosa disciples of Isaac Walton landed the limit of bass and the famous old warhorse of Democracy says he likes fishing better than politics.

While Claude Lombard was attending the Hippodrome Theatre one evening last week in Napa, his car, which he had parked in front of the theatre, was run into by an unknown party and considerably damaged. The engine, fortunately, was uninjured, and our energetic townsman coasted home in the disabled road hound.

A new 1923 steam engine built at Corry, Penn., and consigned to the lumber mills at Eureka passed through here Wednesday, attached to the regular freight train. The new Hercules is well built and will be able to climb over California's rugged mountains. The engine was in care of a keeper, who made the trip from far-away Philly.

John L. Gist, scales doctor, was in town Monday looking over the scales. Gist is an old timer and many years ago served as deputy sheriff under Frank Grace. His many Sonoma Valley friends were glad to see the old war horse who has changed little in the past 20 years. John still wears a buzzer, being a deputy peace officer of Sonoma county and still holds down a fat political job.

Miss Louise Clark who was elected Superintendent of Schools over Ben Ballard, was a welcome visitor to El Verano Wednesday, thanking those who took an active part in her campaign. Miss Clark also congratulated the writer for his determined fight for her election. She was accompanied by her popular teacher assistant of the Glen Ellen school, Miss McAuliffe, who took an active part in her campaign.

The village of Kenwood is following in the footsteps of El Verano. An electrical force passed through here Monday evening from Oakland pier to wire up the S. P. depot at that point so that the natives and patrons of the S. P. Company might have light when the evening rattler pulls in and that the charming young ladies of Kenwood might be better able to see the popular and good looking brakeman, Ben Grauss, and Conductor Hildebrand.

Tom Marbie, of Petaluma, upon learning last Saturday that the Wright Act had carried, immediately hitched old Dobbin to the chaise and started out for one last wild round of hilarity before the lid is cracked down for good. At Verano Tom came to the conclusion that a road is a road, and started down the N. W. P. railroad toward the Maxwell ranch. The wheels of his chariot caught in a switch, whereupon his fiery steed became frightened and pulled from the shafts, leaving celebrator and chariot behind. Suddenly the shrill whistle of a locomotive awoke the echoes, and coming to a stop, conductor and train crew, armed with flashlights, started a search for the mangled remains of the man, when a voice from the side of the track assured them that everything was all right, and Tom appeared without a scratch. The writer, who interviewed the stranger Sunday morning, found him in good condition, with the exception of a headache and thankful he had escaped injury. The fleeing horse was found at Joe Ryan's stable at Boyes Springs Sunday morning.

GOVERNOR TO APPOINT SEAWELL'S SUCCESSOR

Who is to be Judge Seawell's successor on the superior court bench of Sonoma county?

Since the report several days ago that Assistant District Attorney Ross Campbell was considered as a probability, other names have been coming to the front, until now there are said to be no less than half a dozen, any one of whom might conceivably receive the appointment from Governor Stephens.

Among the names mentioned are those of City Attorney Roe M. Barrett of Santa Rosa, City Attorney F. W. McConnell of Healdsburg, Attorney Hilliard Comstock and former Superior Judge Thomas C. Denny.

One of the factors entering into the situation is the attitude that Governor Septhens may take in the matter of making it a party appointment.

Although superior court judges are non-partisan in office and party is supposed to have nothing to do with their election or appointments, it is often the case that in counties having two superior court judges one is Republican and the other Democratic.

This has been the case in Sonoma county for the past 20 years, and is the case now, with Judge Seawell a Democrat, and Judge Rolfe L. Thompson a Republican, occupying the bench Before Judge Thompson, Judge Seawell's partner was another Republican, Judge Denny.

Now, with Judge Seawell's retirement from the local bench, there is some conjecture as to whether or not the governor will take party into consideration in making his appointment. Of the possible candidates so far mentioned, Attorney McConnell is the only Democrat. Attorney Campbell, mentioned last week as a likely candidate, is not only a Republican but is chairman of the county central committee and was in charge of Stephens' campaign here before the primary.

It is perhaps not generally understood, but the appointment, when it is made, will be for two years only, since the law provides that in a case of this nature the unexpired term be filled by the people at the first general election after the vacancy occurs.

This means, of course, that Governor Stephens' appointee will hold office only until January, 1925, as in November, 1924, a judge will be elected to serve the final two years of what was to have been Judge Seawell's term.—Santa Rosa Press Democrat.

EXCHANGE MEMBERSHIP DRIVE

The California Grape Growers' Association has begun an intensive campaign for members. At the mass meeting in San Francisco on Thursday last it was decided that the Exchange would go out of existence at the first of the year unless the tonnage of the membership reaches the 50,000 ton mark by January 9, 1923, when the annual meeting will take place.

Less than 60 days remain in which to sign up the old members and add enough new members to assure the necessary additional tonnage.

The Exchange is sending out a number of representatives in every grape section of the state. Anyone interested in perpetuating the Exchange should get in touch with A. H. Harrison, who will make his headquarters at the Conner Hotel, Napa, during the next ten days.

Mr. Harrison expects to visit every vineyardist in Sonoma county, but it is possible that he may miss some of the growers and he therefore asks that they look him up at the hotel, or leave a message for him if he is not in.

WILLIAM SWITZER DIES FROM INJURIES IN NAPA

William Switzer, one of the well known family who resided in Sonoma Valley many years before removing to Napa, met with an accident there last week which caused his death. He was hurt in a fall which broke his neck. An operation resorted to in hopes of saving his life failed. Here is what the Napa Register said of the sad happening:

William A. Switzer, who was so terribly hurt in an accident recently at the Sawyer Tanning Company, and who was taken to a hospital in San Francisco fro an operation which it was hoped might save his life, passed away at a late hour Friday afternoon.

The operation had been performed by the finest specialists in San Francisco, but it was without avail.

Mr. Switzer has sustained injuries which were fatal from the first.

His death came shortly after he was taken from the operating hospital.

Deceased was a native of Sonoma county, aged 51 years. He had lived in Napa practically all his life and had for years been an efficient and most popular employee of the Sawyer Tanning Company.

The news of his demise has occasioned wide spread sorrow throughout this community.

Deceased is survived by a widow, one brother, B. W. Switzer of Napa, and two sisters, Mrs. Myrtle Donahue of Napa and Mrs. Hazel Beringer of San Francisco.

ADMINISTRATION IN OLD ESTATE SOUGHT

Petition for letters of administration de bonis non was filed in the superior court a few days ago by Fred Schell in the estate of the late Richard Fowler, who died in 1856. The original administrator, William Cubberley, was discharged by the court before the closing of the estate in 1850. A lot in the old city of Sonoma remains to be administered upon. Robert A. Poppe is attorney for the petitioner.

E. G. LYNCH SELLS MILK BUSINESS

One of the most important business deals of the year took place this week when E. G. Lynch sold the Sonoma Valley Dairy to Champlin & Peck.

The Sonoma Valley Dairy was founded by Fred Hansen, who built up a good route, which he sold the first of last January to Mr. Lynch. The Sonoma Valley Dairy has become the leading retail milk business of the valley during Mr. Lynch's proprietorship. He tripled the original trade and put on a big auto delivery truck to take care of the growing business. Of late the question of milk supply has been a serious one and as the dairy produced only a small part of the milk sold by it and was dependent for the rest on the wholesalers Mr. Lynch realized it was a business which would be more profitable to some one who had the cows to directly supply customers. Champlin & Peck of the Jersey Dairy entered into negotiations with him for his route and as a result this well known firm has bought out the Lynch business which will henceforth be merged and called the Jersey Dairy. The firm of Champlin & Peck are giving excellent satisfaction to their many customers and are constantly adding to their herd of tested Jersey cows.

Mr. and Mrs. Lynch have not yet decided on their future plans, but it is not likely that they will return to their mountain ranch in Mendocino county. They have found life in the valley much more to their liking.

CORONER PHILLIPS FINDS DEATH WAS ACCIDENTAL

The inquest held by Coroner Frank Phillips to determine responsibility in the death of Evelyn Cloyd, [illegible] girl who was so badly scalded at the State Home that she succumbed to the burns, resulted in determining that the accident was unavoidable.

The child was going for a drink of cold water, the faucet being near the hot water tap. Accidentally her clothing became entangled in the latter, and the steaming hot water burned her over a large part of the body.

Her screams attracted other inmates and attendants, who released her, but not until she had been burned to such an extent that recovery was impossible.

The girl's parents live in Oakland, but came to Eldridge to make arrangements for the funeral.

ONE HUNDRED AND FIFTEEN BULLS

One hundred and fifteen pure bred dairy bulls were sold to dairymen of Sonoma and Marin counties as a result of the pure bred dairy bull campaign, conducted by the state dairy specialist, Noel Negley, assisted by county agents M. B. Boissevain and H. A. Weinland, who in turn secured the co-operation of a committee of business men, located in all parts of the counties.

Practically all of these pure bred bulls replaced scrub or inferior bred animals. The selling campaign closed on October 15, and the buyers showed their preference for breeds in the order named:

Holsteins, first.

Jerseys, second.

Guernseys, third.

Ayreshires, fourth.

One of the rules of the campaign, laid down by the state dairy specialist was that the purchasing committee would not purchase any bull unless it was from a dam having a record production of 400 pounds of butterfat, or its equivalent. In other words, the pedigree of all bulls purchased must show the animal came from high producing ancestors.

A few orders for Brown Swiss and milking Shorthorns were placed with the committees, but as the breeders of these cattle have not put their cows on test, and their pedigrees do not show production records, it became necessary for the purchasing committee to cancel the orders for these breeds.

One of the surprising things that turned up was that about 40 pure bred bulls were found for sale inside the two counties that were good enough to pass the requirements of the state specialist. Of these the Purvine herd of Jerseys furnished nine young bulls. This herd of Jerseys is one of the best in the state and Sonoma county should know and appreciate that fact.

The LeBaron herd of Ayreshires at Valley Ford, is another herd of pure breds rapidly coming to the front, and quite a number of orders were filled here. The Robert Trumbull herd of Ayreshires at Novato also furnished several Ayreshires.

About 75 of the pure breds were bought in from outside counties. A car was started from the McCloud River Lumber Company, who are also breeders of Holsteins. This car was stopped at Williams and more bulls were loaded into it by the Gibson Company, also breeders of Holsteins. Another car was loaded at Woodland, the home of the famous Morris & Sons, from whom 12 Holsteins were purchased. W. H. Saylor, the Guernsey breeder, contributed two animals to this car and the University of California put in one Ayreshire, one Jersey and one Guernsey.

At Modesto a huge truck was chartered and eight bulls were hauled to Petaluma, at a cost of about $10 per head. Bridgford Company, Holstein breeders, contributed two; the Cornwell herd two Holsteins, and the Hayward herd four Jerseys.

Jumping from Modesto to Los Angeles, the purchasing committee loaded a car there, the Burr Farm of Holsteins and the Brant herd of Guernseys being the largest contributors. Other purchases for this car were made from the Italian Vineyard Company, Guernseys; Los Angeles County Farm, Holsteins; Agee Bros., Holsteins; Mulvaney & Wetzel, Guernseys, and the Grice herd at San Diego contributed one Guernsey. Four bulls were purchased at the San Francisco live stock show and brought up by truck. There were two Guernseys from the A. B. Humphrey herd, one Jersey from the J. E. Thorp herd, and one Holstein from the Bridgford herd.

The hardest orders to fill were the Guernseys, and at this writing the committee is still searching for four more Guernseys, which will complete all the orders.

NEW CLUB HOUSE FOR IMPROVEMENT CLUB

Contractor M. Y. Hansen has designed and is building a commodious and artistic club house for the Sonoma Valley Improvement Club of Fetters Springs. The building is being erected on property purchased by the Club some time ago and is the site of the former Ringressy store on the highway. When the new building, which is to be the home of the flourishing organization, is completed, it will be furnished, and already many donations of furnishings have been made by those interested in the community welfare. Chairs are to be purchased for the main auditorium so that large crowds can be accommodated.

The organization numbers 150 members and meets twice monthly. Every Wednesday evening there is a card party for members and all who desire to attend at the Zwickl ice cream parlor.

NAPA HIGH BEATS SONOMA TENNIS MEN

A large crowd of spectators saw Napa High's shifty tennis team decisively win over Sonoma High's racquet wielders last Saturday forenoon at the Squier court.

In the singles Captain Heflin defeated K. Gilbert 6-4, 6-4, Kjeld Schmidt beat Rouquie 6-3, 5-7, 2-6, 3-6.

D. Prestwood and T. Anthenien of Sonoma won the doubles, 6-3, 5-7, 2-6 and 3-6.—Napa Register.

THE FUTURE OF PROHIBITION

Now that California has shown the spirit of being law-abiding and voted for a measure to enforce the provisions of the Constitution in regard to prohibition, it is to be hoped that Congress will give the country a law that will be enforcable. The vote on the Wright Act followed an intensive campaign, in which the plea to uphold the Constitution was paramount. Prohibition was put up to the people in a way that made the biggest appeal—the appeal of loyalty to country.

Many Californians who voted for it, however, have faith that the United States will go about it in a legal way to give the States a law on the subject which will be just as well as reformative and will result in real law enforcement and observance instead of subterfuge and hypocrisy.

We believe that here in California lies the solution of true temperance. The light wines from our sun-kissed vineyards afford the sedative, zest and camaradie sought by those whose customs and constitution require more than "bone-dry" America now permits. This great industry, which is California's pride and the panacea of the drink problem, is entitled to every consideration and is bound to figure in the calculations of those who want to promote and foster true temperance in the United States of America. Radical prohibition invites the secret production of deadly crude liquor, which in its highly concentrated form can safely be peddled by bootleggers. A sane law to promote temperance should foster and protect the open, natural process of making wine from grapes.

Aside from California's interest in the liberalization of the dry laws, the people of the entire nation should appeal to broad-minded representatives in Congress to combat the dangerous political influence of so-called "militant morality," as endorsed by the Anti-Saloon League, which prates of its uncompromising attitude. Well meaning citizens of the United States, who think they are helping to stamp out drunkness by financing and voting the dry ticket are, as a matter of fact, lending themselves to a radical program calculated to substitute church government for the democracy our Constitution created. The Anti-Saloon League, author of national prohibition, justifies all it has imposed thus far on the country by saying: "The fundamental righteousness embodied in the church offers yet the best concrete expression of the aspirations of the human soul toward the higher and better things." Religion is an ennobling thing and churches the greatest possible influence for spiritual good, but when church and state tend to become identical, it is high time to profit by history's experience and call a halt. Those who are out of the League's churches but still in the United States of America have rights which Congress has a right to heed and recognize. Prohibition in its present form is fundamentally wrong and is surcharged with elements manifestly dangerous and at variance with the Constitutional rights of thousands of citizens. This is no question of appetite, of parched tongues and habit, —rights of citizens to decide these things for themselves at least in a measure, are being ignored and trampled upon. Having emerged from a status of blind obedience and serfdom, a formidable percentage of Americans protest this trend with the consequent result of secret rebellion and widespread dissatisfaction.

The idealism to have been accomplished by prohibition is not yet visible but there has been ample evidence of the failure of the scheme to reform the nation by law. Conditions call for prompt adjustment on the part of Congress. Prohibition as it now functions reflects no credit on national control. We must either build more jails, create more courts and thoroughly Russianize the country by a system of espionage calculated to get ALL dry violators in the net or we must change the law so that it will be instinctively obeyed. Which course is the United States to pursue?

JUDGE SEAWELL'S SUCCESSOR

The people of Sonoma County have set a high standard for the judiciary and to find a worthy and acceptable successor in the Superior Court for Judge Emmet Seawell, recently elected to California's supreme bench, will be no easy task. With Governor Stephens the responsibility rests and he is to make the appointment before retiring from office. Not only will it devolve upon the Governor to choose a successor worthy of the splendid jurist Sonoma County has given to the higher court, but it is also incumbent upon him to name a man who will measure up to the calibre and legal experience of the other Judge on Sonoma County's superior bench, Hon. Rolfe L. Thompson, whose election by a large vote at the hands of the people proves that Sonoma County would elevate to the bench high type men with the training and temperament necessary to real justice and the proper functioning of our courts.

Thus far, from the available material mentioned, it seems that Assistant District Attorney Ross Campbell, of Santa Rosa, because of his training and knowledge of law, both in practice and in theory, is the man best adapted to the vacancy on the bench. He is inherently a jurist and has a discriminating mind and discernment which commend him. He is, furthermore, endowed with those attributes of fellowship which are conceded by modern authorities to be a highly important element in the make-up of the highest type judges.

GOVERNOR RICHARDSON GRATEFUL

Governor Richardson is especially grateful to the voters of Sonoma County for their splendid support of his candidacy. In view of the fact that his opponent was so sure that his wine and beer issue would win Sonoma County to his standard, Governor Richardson is more than pleased to know that the voters of the County gave him a decisive majority.

Governor Richardson said: "I regard my vote in Sonoma County as the most striking illustration of the fact that the people will not be fooled by false issue. Sonoma County, the largest wine-producing County in the State, repudiated the wine and beer issue overwhelmingly in so far as that issue applied to the governorship. Your people refused to be mislead; they declared in favor of economy with efficiency and I will make good on my campaign pledges."

Sonoma County has a real friend in Governor Friend W. Richardson.—Petaluma Argus.

RYAN ARRESTS FOUR AND THEN FIVE

Deputy Sheriff Ryan had scarcely hung up the receiver after a phone call apprising him of the getaway from Santa Rosa of four fellows charged with stealing $50 and an overcoat from a companion when he sighted the quartette and arrested them. Later he arrested their accuser, who attempted to beat it without making good on his charge. The young fellows were traveling in a cut down car and said they came from Eureka. They were held for surveillance.

GOING INTO BUSINESS AT SAN FRANCISCO

E. Vissas, who has been in the poultry business for some time past in Sonoma, has leased his place here and will move with his family to San Francisco. Mr. Vissas plans to establish a string of retail stores, handling dairy and poultry produce, throughout the city. He will call his stores the Sonoma Egg Basket. The first branch is to be established at Twenty-Fourth and Howard streets, in the Mission district.

The departure of Mr. and Mrs. Vissas and attractive little daughters, Elaine and Penelope, who represented Sonoma on the prize winning float at Petaluma, will be regretted by many friends and neighbors.

They have leased their place to G. Resinelli, formerly of Vineburg.

KURT KUNDE'S WIDOW MARRIED

Alice Kunde, widow of the late Kurt Kunde, of the well known grape grower's family at Kenwood, was married this week to Jesse Winkler of Graton.

Mrs. Kunde and little daughter had made their home at the Kunde ranch since the death of her late husband. She has many friends in the Glen Ellen section who will wish her every happiness.

Mrs. Kunde is 23 years of age, while the groom, Mr. Winkler, gave his age as 28 in the license issued at Santa Rosa.

THANX for the morning patronage. Plaza Restaurant, 7:30 a.m.—adv

AT THE HIPPODROME

The Hippodrome Theatre in Napa will celebrate its second anniversary next week and in honor of the event one of the greatest successes of the season will be presented Friday night, Nov. 24th.

It is Oliver Morosco's "Abie's Irish Rose," which has broken records in many cities, having played for nine weeks in San Francisco; 36 weeks in Los Angeles and six months on Broadway, New York City.

Critics and the public everywhere have ventured the opinion that it is one of the best comedies seen in years.

NOTICE TO THE PUBLIC

The Old City Bakery has not sold out, has not changed hands, but is still running under the management of the same proprietor, O. Ruefli, at the same old stand. Andrew Perre is not in the employ of this bakery as truck driver.

In this connection I wish to thank the public for the generous patronage accorded me and assure them that it is my purpose at all times to serve them to the best of my ability.

Respectfully,
O. RUEFLI,
Proprietor Old City Bakery.

BUYS SONOMA PROPERTY

Emilio Dotta, the retired business man of Elko, Nev., who has settled in Sonoma, has purchased three lots from H. H. Hunt in Monte Vista Park and is planning to build bungalows for rent or for sale. Sonoma is to be congratulated on getting so progressive a property owner.

BLACK POINT HIGHWAY TO BE COMPLETED TODAY

Black Point cut-off is to be completed today from the westerly end of the work at the entrance to the cut-off just north of Ignacio to Fairville on the easterly side of the river.

After that time Healey & Tibbitts, who have the contract on the easterly side of the river, must remove all their barricades and must complete their contract without stopping traffic. This order has been made by the State Board of Highway Commissioners owing to the fact that the contract has been in course of construction for such a long period.

On last Sunday dozens of cars went down to the cut-off via Lakeville, the drivers thinking that the cut-off was open, but all were turned back and were not allowed to make the trip.

With the highway open from Ignacio to Fairville, much of the travel via Petaluma will be eliminated.—Petaluma Argus.

MRS. RAE HERE FROM THE SOUTH

Mrs. C Rae, who formerly resided in Sonoma Valley, has returned to make her home here. With her husband, the late Cleveland Rae, of El Verano, they moved to Southern California some years ago, but since Mr. Rae's death, his widow has looked forward to coming back to old Sonoma to again make her home. She recently disposed of her property in San Luis Obispo and will now invest here.

Mrs. Rae, who is a retired teacher, and who has been doing librarian work down South, will be welcomed by many old friends in Sonoma. She is a lady of culture and refinement and will be an acquisition to the community.

Pending the purchase of a home, Mrs. Rae has taken the apartment of Mr. and Mrs. W. L. Murphy on Spain street and St. Francis avenue.

THANX for the morning patronage. Plaza Restaurant, 7:30 a.m.—adv

E. A. Curtis of Petaluma has given up his egg depot here for the winter months, but will reopen in the spring.

Mrs. Rosa Randolph and family motored over to Petaluma this week to be present at the birthday party of her niece, Mrs. Anderson.

Chevrolet Superior Models

MORE than ever before the Chevrolet Motor Company has again emphasized its admitted leadership as producer of the world's lowest priced quality automobiles. The SUPERIOR Models at no higher prices than those of our preceding models, represent the most sensational values in modern economical transportation ever established. QUALITY has been still further improved by more artistic design and added equipment. ECONOMY has been still further increased by engineering refinements and greatly increased service facilities throughout the whole country. PRICES remain the same in spite of added equipment and more expensive construction which have materially increased values.

Unequaled In Style, Value, Economy

1923 SUPERIOR LINE CHEVROLET
FIVE PASSENGER TOURING

A glance at this Superior Touring Car shows why it stands in a quality class of its own—incomparable. Here is an automobile which anyone can be proud to own, because of its up-to-the-minute style, complete, modern engineering, and the lowest operating costs of any 5-passenger automobile made.

$663

1923 SUPERIOR LINE CHEVROLET
TWO-PASSENGER ROADSTER

All these advantages apply with added force to the Superior Roadster, which, due to reduced passenger capacity, develops still lower mileage costs. No need to waste space with fulsome selling arguments. The American public knows automobile values. The spontaneous demand for the remarkable cars will tax even our greatly enlarged productive facilities.

$642

1923 SUPERIOR LINE CHEVROLET
TWO-PASSENGER UTILITY COUPE

The Superior Utility Coupe is bound to surpass the magnificent sales record of its 1922 predecessor. This is the world's lowest priced quality closed car, and far outdistances all competition in single seat closed automobiles.

$877

1923 SUPERIOR LINE CHEVROLET
FIVE PASSENGER SEDAN

The Superior Sedan, like our preceding Sedan, is the outstanding world leader in the all-year type of family car. Chevrolet has led the automobile world in the pronounced shift to closed cars and our five passenger sedan has been the chief reason. At no time during 1922 after the first general distribution of the Sedan, were we able to keep pace with our orders. With this Superior Model, improved in design, construction and added equipment, an even greater demand is anticipated that will maintain our position of leadership in the production of closed cars with Fisher bodies.

$1065

1923 SUPERIOR LINE CHEVROLET
SEDANETTE

The Superior Sedanette is a new member of our line destined, we are confident, to achieve great popularity. It is designed especially for country club, social, shopping and general utility purposes, and as an extra car appealing especially to women. The trunk at rear is part of the regular equipment.

JUDGE SEAWELL SPOKE AT WOMAN'S CLUB

Last night the pioneers and old settlers of Sonoma county were honored by an evening given as a program feature on the November calendar of the Sonoma Valley Woman's Club.

"Conquering, holding, daring, venturing,
As we go the unknown ways,
Pioneer! Oh, Pioneer!"

The Club had the honor of an address from Judge Emmet Seawell on this theme of pioneers, which is one which is close and dear to the heart of the distinguished jurist.

The evening was also in the nature of a reception to Judge Seawell and many Sonoma friends paid respects to him and congratulated him on his recent election to the supreme bench.

Mrs. W. B. Hays was hostess of the evening and there were vocal numbers by Mrs. Ida Hotz, Mrs. Lulu Emparan and Miss Zolita Bates.

"THE BEANTOWN CHOIR"

This highly amusing farce will be given in Union Hall, on Friday evening, Nov. 24th, for the benefit of the Congregational Ladies' Aid Society. Previous notices stated that it would be held in the Woman's Club House but the large advance sale of tickets has forced the manager, Mrs. Carrie Burlingame, to secure Union Hall.

The annual bazaar features will be found, included fancy work, potted plants and home made candy. The curtain rises at 8:15 o'clock. Don't miss this show, one of the jolliest of the year, say critics.

MRS. RHEA HANNON SUES FOR DIVORCE

Rhea R. Hannon filed suit for divorce yesterday against Joseph F. Hannon, alleging failure to provide. The couple were married in Glen Ellen, January 19, 1920, and separated November 24, 1921. There is one son Paul, one year old. Plaintiff seeks custody of the child, $50 alimony, $150 attorney fees and $30 costs. W. L. Ware represents the plaintiff.

As Rhea Edrington, Mrs. Hannon was a former Glen Ellen belle, and now resides with her parents on Broadway.

THOMPSON WILL IS FILED FOR PROBATE

Petition for the admission of the holographic will of the late Peter H. Thompson to probate was filed in the superior court this week by Mae Thompson, daughter of the deceased.

The will leaves the property, which is valued at approximately $9735.70, to the petitioner, Frank W. Thompson, Evie Potter, Florence T. Cutter, and Ralph G. Thompson, all children of the deceased. Robert A. Poppe is attorney for the petitioner.

NOTED PAULIST FATHER AT BOYES SPRINGS

Father Woodman, noted Paulist and head of the Newman Club of U. C., will conduct mass at Boyes Springs tomorrow at 11 o'clock. There will be mass at Glen Ellen at 10 a. m.

NEW BUILDING GOING ON

A new eight room residence for Carl Jakober, designed and planned by M. Y. Hansen, the Fetters Springs contractor, is in the course of construction at Baxterville.

A large garage is being erected by the same contractor for C. Kerley, an Oakland restaurant man, who has his home in El Verano.

CORRECTS MISTAKE

An injustice was done Frank Giorno bakery wagon driver, in an advertisement last week which said he was claiming to be connected with the Old City Bakery. The proprietor of the bakery acknowledges his mistake and corrects it this week. Mr. Giorno was not the driver making claims of being connected with the protesting firm.

The divorce proceedings of Agnes VanDyne vs. William J. VanDyne were continued to November 17th, when the case was called on the court calendar on Friday of last week.

SONOMA VISTA BRIDGE HEARING

A delegation of boosters from Sonoma Vista, Boyes Springs and Sonoma appeared before the Board of Supervisors Tuesday in the interest of the much- needed bridge over Sonoma Creek between Sonoma Vista and Boyes. The representative citizens of this section of the valley were well received by the Board and after a plea made by the spokesman of the party, J. Offerman, the supervisors decided to give financial help to the project. Supervisor Fred Lowell will look after this important improvement and will do all he can to aid the progressive citizens and property owners to better conditions in that locality.

Better Clothes Mean Economy

Even though you may, because of present strained circumstances, feel the necessity of economizing, don't be tempted into buying cheaper, poorer quality clothes, for that, in the end, proves to be false economy. When you buy a suit, you want one that will please you in every detail—style, quality, pattern, fit, price and wear.

THAT'S WHAT YOU'LL GET IF YOU HAVE YOUR CLOTHES MADE BY

PARRENT

The Old Reliable Tailor, for Twenty Years Making Clothes for the People ofthis Valley.

FIRST ST. WEST NEAR N. W. P. DEPOT SONOMA, CAL.

BANK BUILDING CONTRACT

The bids were opened recently for the new building for the new branch to be constructed at Penngrove by the Central Commercial and Savings Bank which has branches at Santa Rosa, Vallejo and recently purchased a bank at Sonoma. The lowest bidder was G. F. Barachi of Vallejo, whose figures were $21,629. The building will be two stories, 30x60 feet, constructed of concrete. The lower story will be occupied by the branch bank, while the upper story will be used as living apartments, to be occupied by the resident manager.

Work on the new building will be started at once and will be rushed to completion. The plans call for the latest design in architecture, the building to be one of the most up-to-date in that town.

This will be the first bank in Penngrove and is the cause of much rejoicing in that progressive little town. The great growth of the Penngrove section demanded an institution of this kind.

Mrs. Ellen Pavlos is recovering from a painful accident caused by a fall against her stove. She was badly cut on the head and Dr. Hays had to take several stitches.

WHY NOT ENFORCE THE DRY LAWS?

The Woman's Christian Temperance Union congratulates itself upon the success of prohibition in the United States and its members declare themselves proud to be citizens of a country which has promoted this great reform. At the same time the bootleggers flourish, the home brew blossoms and disrespect for the law is widely in evidence. Never a public comment is made upon either side of the controversy but scores of expressions of opinion on the opposite side are elicted. After nearly three years of operation of the amendment the subject of prohibition is still the most certain inspiration of argument before the American people.

Why is that? In part it is because habits of a lifetime, and in a few cases thirsts of almost equal duration cannot be put away by legislation in so brief a period. But a better and broader reason may be found in popular doubt of the propriety and justice of such legislation. To be adequately enforced law must have the support of public sentiment. Admitting, for the sake of the argument, that the Volstead act has the moral support of a majority of individuals in the United States, the fact remains that it not only has not the support but has active disapproval of a huge minority, which referendums have shown is very close to a majority if not actually so.

Even in the matter of crimes such as murder, robbery and assault, there is considerable difficulty in enforcing the law. And this despite the fact that if put to a popular vote 9,999 out of every 10,000 ballots would be for continuation and enforcement of the laws prohibiting such crimes. How much greater would be the difficulty of enforcement of restrictive laws, and how much greater the prevalence of such crimes, if as great a proportion of the populace opposed these laws as now oppose prohibition?

The opposition to prohibition is as deep seated in the minds and consciences of many persons in this country as is their opposition to robbery. It is unfortunate that it tends to break down respect for all law, but it is a fact, and one which sponsors of prohibition, having failed to take into consideration before ratification of the amendment, must now give belated thought. When we number among our acquaintances dozens of home brewers or patrons of bootleggers who in every other way have always been exemplary citizens, who would not steal a button or do an unkind act, we note a reaction of far reaching consequences and significant depths.

Technically criminals, they consider themselves morally above reproach. They believe the enforcement of this law in their own cases no more justified than would be the revival and enforcement of one of the old New England blue laws, still on the statute books, which either requires or prohibits the wearing of blue stockings, we forget which.

That is a state of mind which must be corrected before the Volstead act is ever effectively enforced. Time may or may not correct it. We do not know. But in the meantime it stands as a barrier to the enforcement of this law, and consequently as a disruptive force against all law, not only the sumptuary. It is a condition which those who decry contempt for all law must consider.

When the public is satisfied that prohibition is a good thing it will be enforced as effectively as the laws against robbery, which the public knows are good. But until the public is so satisfied it will remain a stumbling block to the enforcement of all law.—Chicago (Ill.) Tribune.

The many friends of Chas. Groskopf will be sorry to learn that he went to a Vallejo hospital this week to undergo an operation.

LOUISE CLARK SENDS MESSAGE

To my friends, the voters of Sonoma county:

At the primaries and again on election day you have expressed your desire that I serve you as your county superintendent of schools. You have shown your confidence in me and I trust you will not be disappointed.

After January 1st I shall be at your service to give my entire attention to the school system of Sonoma county and shall be glad of your co-operation and help.

In the meantime I shall visit the county work recommended to me by our state superintendent, Will C. Wood as the best in California, and will endeavor to bring back to you the ideas which are proving of real worth to the boys and girls in different parts of our state.

Let us forget any unpleasantness. With the future of our boys and girls at stake, may everyone nurture "charity for all, with malice toward none," that the years to come may bring much that will tell in the physical, intellectual and moral uplift of our future citizens.

Your confidence in me I profoundly appreciate. The service which I shall render will be the best of which I am capable. I am,

Sincerely yours,

LOUISE CLARK.

MRS. SIMMONS HOSTESS FOR BRIDGE CLUB

Mrs. Lloyd Simmons was hostess to the Bridge Club last week. Mrs. Harold Pauli held the prize winning score card.

HARRY LUTGENS MADE FRIENDS DURING CAMPAIGN

Headquarters of Friend W. Richardson, governor-elect, in the Hotel Manx, that were opened early in the primary campaign, were closed this week. The staff that has been in charge of the Richardson campaign will scatter to different parts of the state with the realization that their work has been done successfully. Richardson won the Republican nomination for governor in the primary fight. It was conceded to be the biggest upset in California politics in years. Immediately upon winning the nomination Richardson workers set to work to elect their candidate. For a week the headquarters force was kept busy winding up affairs incident to the campaign and election. Harry Lutgens, director of publicity, will entrain for Sacramento, where he will attend to any unfinished business having to do with the campaign that may come up.

Lutgens made many friends among the San Francisco newspaper men while at the head of the Richardson publicity department. He takes with him to Sacramento the best wishes of those who had dealings with him during the past six months and the newspaper men are predicting that Lutgens will be rewarded by the governor-elect for his good work during the campaign.—San. Francisco Chronicle.

"WET" vs. "DRY"

Proposals for legislation modifying the Volstead Act with respect to the sale of beer and light wines were regarded last week at the Treasury in Washington, D. C., are extremely likely as a result of the outcome of the recent election.

In the meantime, however, Secretary Mellon was reported as holding that the Treasury's policy of a strict enforcement of the prohibition laws would continue unchanged, despite the expression of public opinion in the different states, until Congress acts.

Unless the question actually comes up in Congress, high Treasury officials indicated, little consideration will be given to the possible source of revenue which might be developed from taxes on beer and wine.

Just what the program of attack on the Volstead law will be has not yet been fully developed, but it is expected to be a straight-out proposition for the sale of light wines and beer. That proposal was put forward in connection with the soldiers' bonus bill at the last session, but it never received serious consideration. Representative Britten of Illinois announced however, that it would be renewed.

THANX for the morning patronage. Plaza Restaurant, 7:30 a.m.—adv

"BALL BAND"

Keep the inside of your boots dry
"Ball-Band" Short Wool Socks absorb perspiration and keep the inside of rubber footwear dry and warm.
This helps to preserve the lining, which means longer life for boots or rubber shoes.
Socks like these will keep your feet warm in slush or icy water, and help to make the wearing of rubber boots a pleasure.
H. F. Bates

BESSIE LOVE IN NEW METRO PICTURE

"Forget-Me-Not," the Metro Film Corporation's newest screen achievement which will receive early presentation on one of the local picture screens, reproduces with great fidelity the life story of two foundlings

In the orphanage where her mother had left her as a baby, Ann Gordon had found one congenial soul, another foundling named Jimmy. But one day there comes a rich woman who chooses Jimmy for adoption and Ann is left alone. The other children eventually find homes, but no one wants the little girl with a crippled leg. A street musician takes pity on her and she goes to share his meagre one-room home. Thus the paths of the two childhood sweethearts diverge but through the long years Ann carries the memory of Jimmy and from it draws inspirations and courage in her struggle to become a successful violinist.

It is the story of faith and love and yearning for happiness that is thoroughly human from beginning to end.

The orphans are played by Gareth Hughes and Bessie Love who make the characters so lovable and so appealing that there is a constant tug at the heart strings.

FOREST SERVICE SELLS TIMBER IN CALIFORNIA

One hundred and sixty-seven million feet of timber has recently been sold on the Plumas National Forest, in California, according to an announcement just made by the Forest Service, United States Department of Agriculture. The timber covers almost 14,000 acres in what is known as the sugar pine and yellow pine belt in the heart of the Sierra Mountains of California.

It is estimated that this amount of timber, together with the intermixed privately owned timber, will require eight years to cut and convert into lumber. Twenty-one miles of railroad will be built to connect with an existing logging railroad 40 miles in length As usual in this type of forest, the logging will be done by donkey engines, but Forest Service men will carefully supervise the cutting so that all young and thrifty trees will be left for future growth. Only marked trees will be cut and brush and debris resulting from logging will be piled and burned.

This large body of timber was sold to the Swayne Lumber Company, an established concern in the locality, which is now logging on private lands in the same watershed. The United States Treasury will be enriched approximately $360,000, at the rate of about $45,000 a year. Prices received were $3.50 per 1000 feet for sugar pine; $3 for yellow pine and $1 for other species.

Mrs. Annie Breitenbach entertained the Flying Needles Wednesday in a most hospitable manner.

Attorney C. C. Cowgill has been quite ill, his sickness causing his wife and friends much anxiety.

OFFICIAL TEST
51 6/10 Miles on a Gallon of Gas
THINK OF IT—SOUNDS IMPOSSIBLE. IT MEANS OVER 100 MILES ON TWO GALLONS OF GAS. THIS MILEAGE WAS RECENTLY MADE WITH A FORD CAR EQUIPPED WITH THE NEW 1922
Stromberg Carburetor and Hot Spot
THAT'S WHAT DID THE TRICK—THAT'S WHAT MADE THE GALLON OF GAS WORK OVERTIME. IT IS THE RESULT OF TWO YEARS OF EFFORT AND ACHIEVEMENT BY THE BEST CORPS OF CARBURETOR ENGINEERS IN THE COUNTRY.
Official World's Record Breaking Test With Ford Car
Made under the supervision of the American Automobile Associatien. An officially measured 1-gallon tank of ordinary 57 test gasoline was used and car driven over the Dixie Highway near Chicago. Car carried three passengers. Total weight of car and passengers was 2370 pounds.
With no change in carburetor adjustment car was throttled down to six miles per hour, then throttle was thrown wide open and a speed of 45 miles was reached. Car accelerated from standing start to 25 miles per hour in 11 4-5 seconds—from 10 miles to 30 miles in 15 seconds. This most remarkable performance is the sensation of the Automobile World.
You are wasting gas—stop—it's foolishness—it's like pouring it on the ground. Decide now—get more miles out of every gallon—get better acceleration, easier starting—you can do it with this marvelous Carburetor. Equip your Ford today—don't be satisfied with 15 miles on a gallon—get twice that—the money you save will soon pay for the carburetor. Twenty days free trial. New 1922 model complete..... $15.75

LOCAL AND PERSONAL

Make the Corner Drug Store your headquarters for Christmas gifts. Remember, city prices prevail here. adv.

The Parent-Teachers' Association of El Verano will meet at the school house on Tuesday afternoon, Nov. 21, at 2:30 o'clock.

George Darling, the Boyes Springs restaurant man, has accepted a position for the winter at the famous Burke Sanitarium near Mark West Springs.

The Fior d'Italia Hotel has sold out its furnishings and the business discontinued by the widow of the late John **Decanini.**

Mrs. W. W. Carter, Mrs. F. Edrington, Rev. Cookman, Rev. Crowe and others motored to Petaluma on Wednesday to the Congregational meeting in that city.

The turkey shoot at the Stornetti ranch Sunday, Nov. 26th, is attracting wide attention. The Stornettis have many fine birds which they hatched last Easter and many now tip the scales at 22 to 25 pounds. See ad.

John Basileu and Ed Dowdall are perfecting arrangements for the big event at El Verano on Nov. 26th—the Thanksgiving turkey shoot. A big crowd is expected.

HUNT CALLED TO STOCKTON

H. H. Hunt has gone to Stockton and will be there a month or six weeks to transact some business there in connection with a realty deal. Upon his return he expects to put on a new campaign to sell home sites in the Chase tract, which he purchased some time ago. This residence property is among the most sightly and best situated in Sonoma.

MR. AND MRS. DOBBEL ENTERTAIN FRIENDS

Mr. and Mrs. Dobbel entertained a number of friends at an evening at home Tuesday. Their guests included Mr. and Mrs. H. Burmester, J. McAllister, L. H. Golton, Peck, Chamblin, Harold Coops and R. E. Murphy.

The evening was marked by a genuine spirit of hospitality and the guests had a delightful evening.

The Dobbels reside in the former E. T. Duhring home which they purchased some time ago.

BUYS OUT PARTNER IN FORD AGENCY

Important Business Change By Which Ralph Busby Retires from Well Known Automobile Firm.

The well known firm of Busby & Coates has dissolved partnership in the Ford agency and garage on Broadway. E. C. Coates having purchased the interest of Ralph Busby who has accepted a fine mechanical offer in Oakland.

Mr. Coates will be the future owner and sole proprietor of the business which is one of the best garage businesses in Sonoma Valley . Busby & Coates came to Sonoma about 10 years ago and started a small machine shop and bicycle store. This business branched out and resulted in the firm taking the Ford agency in Sonoma Valley, which, under Busby & Coates has become an exceptionally successful enterprise.

Mr. Coates who has absorbed his partner's interest, is a high class mechanic and through his conscientious attention to business has won the regard and esteem of a big clientele.

The retiring partner, Ralph Busby, leaves many friends in Sonoma Valley who will wish his every success in his new business enterprise.

MRS. HOWARD FORD DIES AT SCHELLVILLE

Mrs. Howard Ford of Schellville died at her home at that place Monday after a brief illness. She was the mother of Mrs. Hugh Moore of Hamilton, Wash.; Mrs. A. B. McAfee of Vancouver, B. C.; Mrs. F. R. Starr of San Francisco, and Mrs. G. D. Morrison of Novato. Born in Missouri, she was 69 years of age.

BUYS LOT AND WILL BUILD HOME

Mrs. C. Rae has purchased a lot 105x150 on Second street east from Miss Edna Gillen and plans to erect a home in the spring. The lot lies between the Hunter and George Lowell residences and is attractive property. Contractor A. E. Warriner has prepared plans for the home to be built as soon as the winter season is over.

MRS. FRED NONELLA HAD PARTY FOR SISTER

Miss Anna Walsh of El Verano was given a surprise party by her sister, Mrs. Fred Nonella, on Saturday evening, Nov. 11th, at her home in San Francisco. The guests included a number of Miss Walsh's friends, who helped in making it a wonderful surprise.

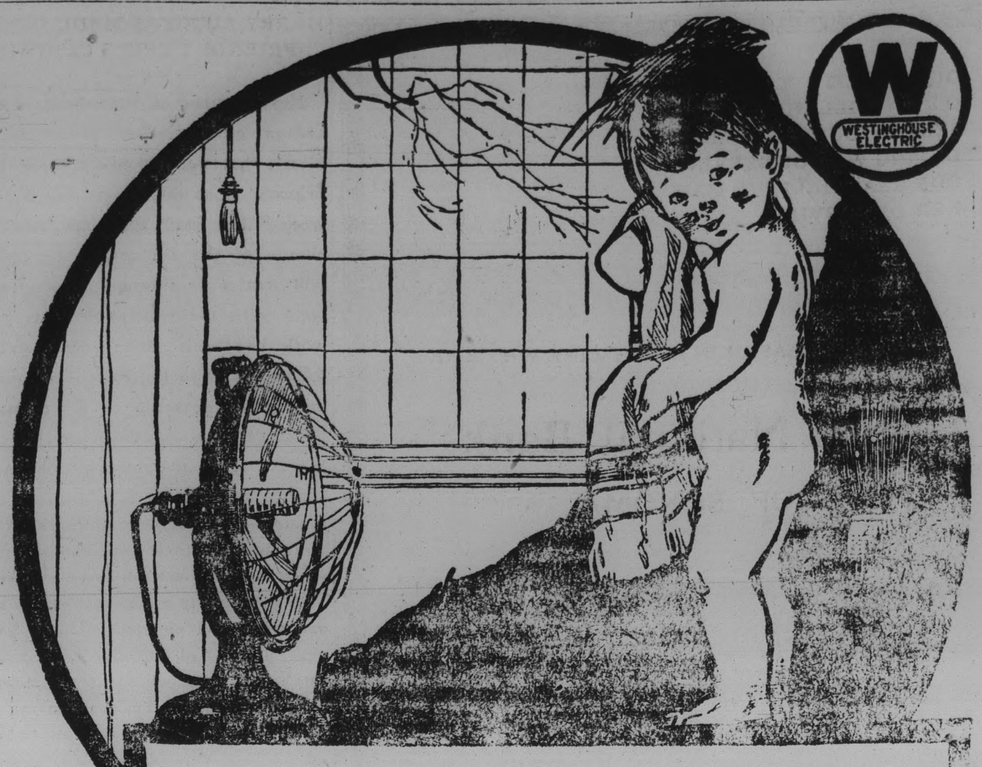
Miss Walsh received a number of beautiful gifts and congratulations, the occasion being the young lady's seventeenth birthday.

The home was wonderfully decorated for the occasion. A huge cake was in the middle of the table with seventeen candles burning brightly when the guests were seated at the table.

NATIONAL CANCER WEEK

Today physicians are fighting another dreadful plague, cancer. This disease has no terrors for the young for the death toll of this disease is not taken until mid-life. After the age of 40, cancer becomes one of the most potent agencies of the Angel of Death. Under the efficient leadership of the American Society for the Control of Cancer, the medical profession announced that the week of November 12 to 18 was a nation wide cancer week, devoted to the attempt to educate the people to recognize the early symptoms of cancer, in order that its victims may obtain prompt assistance and check the trouble in its beginning when a cure can be effected. When the disease is far advanced, it is always fatal; there is no late cure for cancer. In the early recognition of cancer lies the hope of cure.

Herschel Hyde is home from U. C. over the week end visiting his parents, Mr. and Mrs. Henry Hyde, of Vineburg.



Cozy Glow Time Is Here!

Little Brother to the Coal Pile! In the early days of fall, in winter, and in spring, the Westinghouse Cozy Glow fills a positive need and comes nearer to being an all-year-'round heater than you can realize unless you have one. The

Westinghouse

Cozy Glow isn't a fire. It makes no fumes, nor does it stale the air. It's perfectly safe even if upset. It throws the heat in any direction—a cozy glow when and where you want it.

Pick it up and carry it to the room or to the corner that is chilly. Or send one of the youngsters to get it. Like all Westinghouse Heating Appliances, it makes a lot of heat for its weight. It's a convenience, of course, but a winter necessity also. Get a Cozy Glow now from one of the following dealers, and have warmth when you want it right through to next summer.

IN THE SUPERIOR COURT

Of the State of California, in and for the County of Sonoma.

Probate No. 7808, Dept. No. 2

CITATION

In the matter of the estate of SARAH V. KELSEY, deceased.

HENRY C. KELSEY, Plaintiff, vs. C. C. COWGILL, as executor of the last will and testament of Sarah V. Kelsey, deceased; BRUCE D. WEATHERHEAD and WALTER C. KELSEY, Defendants.

Proceedings to Invalidate Will and Probate Thereof.

The People of the State of California send greetings to:

C. C. Cowgill, as executor of the last will and testament of Sarah V. Kelsey, deceased; Bruce D. Weatherhead, Walter C. Kelsey and Henry C. Kelsey.

By order of this Court you are hereby cited and required to appear before this Court, at the Court Room thereof, in Department No. 2 at the City of Santa Rosa, County of Sonoma, State of California, on the 18th day of December, 1922, at ten o'clock in the forenoon of that day, then and there to show cause, if any you have why the probate of the will of Sarah V. Kelsey, deceased, which will is dated the 16th day of February, 1921, and was admitted to probate by said Superior Court on the 15th day of August, 1921, should not be revoked.

Witness:

HON. EMMET SEAWELL,
Judge of the Superior Court in and for the County of Sonoma, and the seal of said Court this 14th day of August 1922.

Attest, my hand and seal of said Court the day and year last above written.

(SEAL) W. W. FELT, JR., Clerk.

By CLARA E. CHRISTIANSEN, Deputy Clerk.

W. F. Cowan, O'Gara & DeMartini, Attorneys for Plaintiff, Santa Rosa, Calif.
